

Family Prayer Guide

Hello! We're so happy to have you join the Hope Station team and believers around the world in praying for orphaned and vulnerable children.

Start by reading and praying through these verses:

"God sets the lonely in families." Proverbs 68:6

"I will not leave you as orphans; I will come to you."
John 14:18

"Pure religion is this: looking after orphans and widows in their distress." James 1:27

PRAY FOR FUYIN

Gender: girl
Special Needs: Down Syndrome

Hi! I'm FuYin. I am 8 years old. I live with my dad and my brothers. My mom used to live with us too, but recently she hasn't been at home much. My

older brothers both have Thalassemia, and only one of them can go to school. My oldest brother stays home with me during the day while my dad is away at work. Please pray for me to be brave and find ways to learn and grow stronger mentally and emotionally.

Hope Station is helping my dad to know more about Down Syndrome, and they visit our home every week. I love my weekly occupational therapy lessons with the Hope Station therapist. Thank you for praying for me and my family!

PRAY FOR XIAOHANG

Gender: boy
Special Needs: Cerebral Palsy

Hi! I'm XiaoHang. This is a picture of me with my mama. I love music and hanging out with people. My parents are both working everyday,

and I can't go to school, even though I am 14. It's hard for my parents to take care of me, but they love me so much so they do their best. Please pray for me to get the opportunity to go to therapy. This will help me to learn to walk and talk!

Hope Station is helping my family to know more about Cerebral Palsy, and what to expect and how to plan for my future. Thank you for praying for me and my family!

PRAY FOR ORPHANS

- That children in orphanages would be loved and valued by their caregivers
- That orphanage leaders would make wise decisions that help the children
- That children in orphanages would get therapy, surgeries, and good healthcare

PRAY FOR FAMILIES

- That families would have the courage to raise their children at home
- That more resources would become available in China for special needs
- That the community would appreciate and value special needs children
